You're better off me. I'm no good

Logically it makes sense but there  
will be no love like me, in that  
relationship.

GLORY

What makes you think I love you  
like you do.

X

Don't say you don't love me cause I  
know you do. Every day you get up  
early you come right to me to show  
your face direct from dressing  
table. You kiss me on forehead  
using to decrease strength of your  
lipstick or something or something.  
May be you want to give first kiss  
every day to me. Thinking I'll wash  
not noticing it. I notice it.  
Every time we do it, you wait for  
me to fall asleep coz I sleep hard  
after that, snoring. You kiss me  
good bye hard and put your fricking  
cotton in ears . I Know. These

He walks on balcony to stairs, looks at the door

She is searching for her phone, Finds his palli-patti. Goes  
gorilla on palli-patti and keeps the rest while getting up

He climbs first step looking at her door

She walks to her bedroom. Halts, noticing she is not fitting  
in a big mirror on the way. Locking up the room.

She snuggles hard to sleep her pain off but couldn't with  
recurring images of her not fitting in mirror in her head.  
She breaks down.

He is out sitting down on floor, leaning on grill beside small stairs just out side her home. He is thinking of what to do but just couldn't leave her

She lifts her head to gaze. Knife. She walks to it

He is looking at a corner like there is someone, reminiscing.

We are looking at Him and Her, when they were kids. She is giving him palli-patti. He is chewing it. They talk, laugh. They see other kids playing a game

They are getting down stairs

Other kids throw her out the game. She cries. He throws a stone at kids for making her cry. She comes in between to stop him.

We see her smiling with band-aid on her head while he is putting his hand around her shoulder posing to the camera.

POLAROID CAMERA POV: We see a hand coming in between frame telling to pose cute while they laugh. Snap

WE DOLLY BACK FROM THE FRAME TO REAL PICTURE ON HER NIGHT STAND.

She is looking at the picture reminiscing, almost laughs

She is sadly looking down from that picture to her left

He is sadly looking down on what he's done

Both, Isolated in their own darkness

FADE OUT.

She gets up, with sounds from her stomach.

She locks the room with mirror which actually scares her.

She sits there and notices knife with a red glint. She gets up looks for reflection.

The photo frame is glowing red from behind. She finds her phone back of that photo.

She goes awe noticing the wallpaper and waiting on what his next actions.

He texts her.

She checks her phone: Sorry dinda, let me in

She looks the pizza box label: large. She takes slice by slice into her mouth while he is apologizing through texts
